Streamline payments and offset processing costs with Global Payments and INDEX

Reduce fees and deliver a more seamless payment experience for your customers with surcharging

Whether you're managing large orders, repeat buyers or complex billing cycles, Global Payments supports the way you sell, invoice and get paid.

With powerful payment technology from Global Payments, INDEX members can:

- ✓ Offset credit card fees on high-value transactions
- ✓ Automate payments and sync directly with ERP and accounting systems
- ✓ Reduce manual invoicing and reconciliation work
- ✓ Enable auto-pay for repeat customers and ongoing orders
- ✓ Securely store preferred customer payment methods for faster checkout

Businesses can offset a significant portion of their credit card costs through a surcharging program designed to help protect margins while remaining compliant.

Ready to reduce costs, modernize your payment experience and increase cash flow?

Contact Global Payments to learn how INDEX members can benefit our payment solutions and surcharging programs.
